## DIG STRIKE DUE TODAY

All Coast Shipping Affected.

Longshoremen from San Diego to Alaska to Enforce Wage Demands.

Union Men at Tacoma, Armed with Clubs and Stones, Prepare to Riot.

(BY A. P. MONT WIRE.)  
BATTLE (Wash.) May 31.—The greatest waterfront strike in the history of Seattle is expected to begin tomorrow when 1000 members of the International Longshoremen's Association quit work to force their demands for higher wages. Nine hundred members of the United Dock Workers, an independent union of truckers and warehouse men already on strike, have the total number of men out tomorrow will be close to 2000. There is no disorder today in connection with the dock workers' strike. Immigration Commissioner Henry J. White, who was instructed by Department of Labor to attempt to prevent the longshoremen's strike. Mr. White conferred with representatives of the Water Employees' Union, the captain of the shipping companies, the International Longshoremen's Association, but was unable to make any concessions from either side. J. S. Gibson, president of the waterfront employers' union, declared tonight that the employers were determined to oppose the longshoremen.

## BIG BUSINESS IN MUNITIONS.

American Exports Expected to Reach \$500,000,000 for Two Years.

(BY A. P. MONT WIRE.)  
WASHINGTON, May 31.—Export statistics assembled today in the Bureau of Foreign and Domestic Commerce indicate that munition shipments to Europe will pass the \$500,000,000 mark before the war has gone two years. At the end of April guns and ammunition valued at \$188,000,000 had been exported.

declared tonight that the employers were determined to oppose the longshoremen. EMPLOYERS ARE FIRM.  
"We have decided to resist," said Capt. Gibson. "We have arranged for an ample supply of labor to replace the union longshoremen when they go on strike and although we expect some slight delay in handling cargo, we shall be able to keep our ships moving."  
Capt. Gibson said the employers had engaged quarters for the new men they expect to use and were prepared to afford them every protection. The employers allege that the longshoremen's violation of an agreement by not giving sixty days' notice of the new demands.

THE RIVER STRIKE.  
(BY A. P. MONT WIRE.)  
SAN FRANCISCO, May 31.—The Southern Pacific Company formally announced today that its steamer service to and from Sacramento would be discontinued tomorrow as a result of the strike which has been declared by the Bay and River Steamboatmen's Union. The company operates one freight and three passenger steamers and employs 100 men on the line. No formal announcement that (Continued on Fifth Page.)

## "GET OUT AT ONCE," CARRANZA TO WILSON.

"Your Actions Belie Your Words," the Mexican Chief Tells President.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)  
EL PASO (Tex.) May 31.—Minister of War Obergon has called upon all Mexicans, regardless of past factional adherences, to take up arms and commissions in the army of Carranza. Mexican Consul Garcia in El Paso has posted a bulletin calling upon all Mexican citizens living in El Paso to register at the Mexican Consulate.

MEXICO CITY, May 31.—Claiming that the words and protests of the United States have been entirely in contradiction of their acts, and in spite of protests not to interfere in the affairs of Mexico, soldiers of the United States in Mexico without the consent of the Mexican government and in violation of Mexico's sovereignty, the Mexican government asks for the immediate withdrawal of these troops. The request is made in a 12,000-word note made public at the Foreign Office today about noon.  
The note recites that the American troops crossed the border after the Columbus incident without the permission of the Mexican government. The act was not considered one of invasion then solely because the United States said they had misinterpreted the attitude of the Mexican government. When the second expedition crossed the border after the Glenn Springs incident, the note maintains, the plea that this was done in the interest of peace and to support its protestations and declarations of friendship by an immediate withdrawal of American troops.

Maintaining that the protests of friendship by the United States and the expressed desire for noninterference have been contradicted by the acts of the Washington government, the note says the Mexicans are now faced with the choice of either accepting the American ultimatum or of continuing the struggle. The note also states that the American government has refused to agree on these points, but that the Mexicans have accepted the government's offer to accept in return these limitations, nevertheless insisting that they be not applied to the Mexicans.

"The American government," says the note, "has admitted that the work of the expedition, which entered after the Columbus raid now is over. But in spite of this fact, troops are still in the country. This attitude of the American government toward Mexico is in conflict with the repeated professions of the Washington government relative to the withdrawal of its troops from Mexico."  
The note points out that much of the trouble in Mexico is due to the attitude of the United States in not withdrawing its troops from the States which plotted the downfall of the present Constitutional government and to the acts of Washington in refusing to permit the shipment of arms and ammunition to enter Mexico.

THE NOTE IN PART.  
The note, which is addressed to Secretary Lansing, reads in part as follows:  
"The Mexican government has just received advice that a group of American troops are crossing the frontier and penetrating Mexican territory, and at present are near a place called El Paso, some seventy miles to the south of the frontier. A newly-arrived passage of troops without the consent of the Mexican government places in grave danger the harmony and good relations which ought to exist between the governments of the United States and Mexico."

"This government must consider this last not a violation of its sovereignty and thus asks in the most urgent manner that the Washington government consider with care the case and open for all definite with exactitude the policy it intends to pursue with respect to the Mexican nation."  
"To the end of making clear the basis upon which the petition contained in the present note is founded, it is necessary carefully to state the facts which have occurred up to this time as a result of the invasion of a band on Columbus, N. M., captured by Francisco Villa, at dawn, March 9 last."

"The Mexican government sincerely lamenting the happening and asking the United States to protect the frontier, proposed that the governments of Mexico and the United States enter into an agreement by which bandits should be punished. Furthermore, the Mexican government made the proposition that if the United States would guide by precedents prevailing along the years 1880 and 1884, and forces might cross the Mexican frontier in pursuit of bandits under the reciprocal condition that the forces of the United States should be reported at any other point along the frontier line. As a consequence of this proposition, the United States government, through the United States minister in Mexico, declared that the good intention of the Mexican government was sufficient to au-

## NOISY FOURTH OF JULY MAKES FOR PATRIOTISM.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)  
STOCKTON, May 31.—Believing that a "sane Fourth" has a depressing effect upon youthful patriotism, the City Council here decided this afternoon to lift the ban on fireworks.

In order to fire the Commissioners with their zeal, advocates of a noisy Independence Day touched off a firecracker in the hallway leading to the Council chambers. This appeal had the desired effect. A few moments later the Councilmen were throwing lighted firecrackers in all directions. Mayor Cullahan even went so far as to issue a statement in which he said:  
"I apprehend there will be those who will say that it is better to have the boy and girl lose interest than to lose a finger or to cause a neighbor to lose his home by fire. But we are not going to throw down the bars and allow the use of dangerous firecrackers. The 'safety first' slogan will not be ignored by permitting the use of the common little firecracker which measures only one and one-half inches in length."

## CALIFORNIA OIL BILL SPLITS WILSON CABINET.

Measure for the Relief of Operators in this State Affected by Plan to Create Fuel Reserve for the Navy Finds Support Among President's Advisers—Secretary Lane Involved in Controversy.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)  
WASHINGTON BUREAU OF THE TIMES, May 31.—The California oil bill has caused a grand little family row in the Wilson administration. Secretary Daniels has come dangerously near to insisting that Secretary Lane is connected with crooked legislation. Mr. Gregory is not on speaking terms with Senator Stanford. The even severity of the Cabinet meeting is known to have been broken by this growing quarrel. President Wilson is said to have abruptly adjourned a recent Cabinet meeting to stop an acrimonious discussion between Mr. Lane and Mr. Gregory. At this Cabinet meeting Mr. Lane called Mr. Gregory's contention to the fact that a report of one of the investigators of the government's oil reserves was being suppressed as being too favorable to the California oil men. He demanded that the oil legislation be suddenly become a national sensation. The gist of the whole affair.

During President Taft's administration it became apparent that the Secretary of the Interior was not a man to be trusted. Therefore the President, by executive order, set aside a large tract of land for the use of the oil men. Although they had been working for long time on the property and had spent in some cases several millions of dollars in developing water and building derricks and roads and doing other preliminary, they had not yet actually discovered oil. In mining law, the essence of the claim is the discovery of the mineral. This gave the government a chance to take advantage of the technicality and deprive these

## GERMAN COIL TIGHTENS ABOUT LE MORT HOMME.

Crown Prince's Approach to the Chantonnort Station Reveals Results for the Teutons that are Portentous. Each Day Makes it Evident that, Cost What it May, Kaiser's Troops are Resolved on Capture of Verdun.

(BY ATLANTIC CABLE AND DIRECT WIRE—EXCLUSIVE DISPATCH.)

LONDON, May 31.—There has been no lessening today of the tension west of the Meuse. The German coil has been drawn even tighter about Le Mort Homme, and the fate of the position tonight hangs by a thread. Further to the south the Germans have penetrated almost to Chantonnort, nearly at the base of the Chantonnort Ridge itself.  
Desperate French counter-assaults have sought to relieve the increasing pressure on Le Mort Homme. They have been only partly successful. A valiant charge this afternoon did succeed in wrenching loose one of the hands on the southeast slope of the hill. But other attacks all last night on the Cumieres side failed to break the grip in the slightest.  
The note declares that Gen. Scott (Continued on Fourth Page.)

## DIOT CALL TO LEADERS TO HEAD OFF ROOSEVELT

Party Managers Make Extraordinary Efforts to Get Hughes to Talk.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)

WASHINGTON BUREAU OF THE TIMES, May 31.—A riot call was sent in from Chicago today inspiring all the G.O.P. stalwarts to come at once to the scene of the coming carnage to head off the colonel, whose activities in the Middle West are causing a panic. Scores of telegrams were received by nearly all the well-known Republicans in Congress warning them that the situation in the absence of a definite statement from Hughes was becoming alarming.  
The G.O.P. warriors were not able to respond to this Macedonian call for help. The best they could do was to write back: "Hold the fort; we can't come until this naval appropriation bill has passed."

The great migration will take place on Saturday. The demand for Pullman reservations can be imagined when you know that most of the lower berths have been engaged by the scores of the G.O.P. who have been in the best-known hotels in Chicago for several months.  
Rooms began to be engaged by wire within an hour of the time the Republican National Committee decided to hold the convention in Chicago. In view of this feverish state of mind, the G.O.P. leaders in Chicago attempted to get a candid statement from Justice Hughes. Justice Hughes probably came farthest from making a statement of any person who was ever asked to make one.

## "PEACE BY NOVEMBER" IS BAKER'S PREDICTION.

End of the War is Much Nearer than Most Persons Think, According to the Secretary of War, Who is Said to be Very Close to the President—Much Importance Attached to His Statement.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)

CLEVELAND (O.) May 31.—Secretary of War Baker told Cleveland Democrats today that every warning nation in Europe is actively working toward peace.  
The Secretary of War made the prediction that before the Presidential election there will be a demonstration of the value to all the world of the "moral neutrality" of the Wilson administration. Baker's prediction was taken by everyone present to mean he believes peace will come before November.  
"Today with every nation looking for peace, the United States is looked to as the arbiter of justice, and the powerful men of this administration are all the time looking for peace. It is the duty of the United States to be ready to go to the aid of the peace-loving nations at the end of the war is nearer than most people think."

## SHACKLETON IS SAFE AT FALKLAND ISLANDS.

(BY ATLANTIC CABLE AND A. P.)

LONDON, June 1.—Lieut. Ernest Shackleton, the Antarctic explorer, has arrived safely at Port Stanley, Falkland Islands. The news that the expedition was safe reached London shortly after midnight. The message was from the explorer himself and announced his arrival at Port Stanley. The message said his ship, the Endurance, had been crushed in a Weddell Sea ice floe last October, but that it drifted until midwinter when he and his party landed on Elephant Island, in the South Shetland group.  
The explorer left in a small boat with five men a week later to seek help, leaving twenty-two men behind. All of them were well, but in a situation which demands the quickest possible relief.  
The message of Lieut. Shackleton was dated Port Stanley, May 31. It was said his last sighting of the Endurance was on April 24. The greatest fear had been entered

BY JOHN CALHAN O'DAUGHER.

WASHINGTON BUREAU OF THE TIMES, May 31.—From friends acquainted with the views of Justice Hughes, the following was obtained tonight as to his position with reference to the presidential nomination.

Mr. Hughes will accept the nomination only if he is convinced that he will be backed in the election campaign by a united party.

Mr. Hughes will decline the nomination if it should become apparent that he will not have general support from the Republicans and Progressives.

Whether Mr. Hughes or anyone else may say in Chicago, the Associate Justice intends to proceed on his own. He will not permit himself to be drawn out by any man or group of men, and he will not permit himself to be drawn out by any man or group of men.

He determined months ago that he would remain silent. His secretary, Mr. E. J. Connelley, is a man of great discretion and he is a man of great discretion.

It was insisted by the friends of Mr. Hughes who discussed the matter with him, that the justice is divided as to the desirability of accepting the presidential nomination.

Senators Want His Secret Diplomacy Explained.

Say Queer Things Done When Nobody was Watching.

(BY A. P. NIGHT WIRE.)

MEXICAN MIDDLE AND GERMAN CASE STILL A MYSTERY.

(BY A. P. NIGHT WIRE.)

WASHINGTON BUREAU OF THE TIMES, May 31.—President Wilson is to be asked to disclose to the country the manner in which his administration has conducted itself when nobody was watching.

In this form the opposition in Congress will express its views of one of the remarkable utterances of President Wilson in his Memorial Day speech.

"I know yourself," said the President, with sagacious frankness, "how you behave when you think nobody is watching."

Republican Senators and Representatives pronounced this remark exceedingly interesting and illuminating of many aspects of the trend of public affairs since March 4, 1913. They assert that the President's utterance explains many of the things done by the administration which would have been left unsaid had it been known that anyone was watching.

"I want more light," said the President, with sagacious frankness, "how you behave when you think nobody is watching."

Republican Senators and Representatives pronounced this remark exceedingly interesting and illuminating of many aspects of the trend of public affairs since March 4, 1913. They assert that the President's utterance explains many of the things done by the administration which would have been left unsaid had it been known that anyone was watching.

## WORK IN EARNST ON REVENUE BILL.

WASHINGTON, May 31.—Work on general revenue legislation was taken up in earnest today by the House Ways and Means Committee Democrats. Representative Hull of Tennessee, author of the income tax law, submitted drafts of three bills for the committee's consideration.

One of the bills provided for the income tax law as so far as it relates to approximately \$100,000,000 additional income to be derived from the sale of inheritance, and the third proposed a tax on munitions plants through which some \$40,000,000 would be raised.

Conclusions were reached today. The Democrats of the committee already have adopted the tariff completion plan, an antidumping clause and a provision designed to prevent unfair price discriminations in the sale of foreign-made goods.

WASHINGTON, May 31.—President Wilson is to be asked to disclose to the country the manner in which his administration has conducted itself when nobody was watching.

In this form the opposition in Congress will express its views of one of the remarkable utterances of President Wilson in his Memorial Day speech.

"I know yourself," said the President, with sagacious frankness, "how you behave when you think nobody is watching."

## WILSON SOUNDED ON PEACE PLAN.

(BY ATLANTIC CABLE AND A. P.)

THE HAGUE (via London) May 31.—The following cable message was sent this morning to President Wilson:

"With regard to your address to the League to Enforce Peace, we beg to ask if the general idea of a conference of neutral governments in behalf of peace would have your sympathy."

"NETHERLANDS ANTI-WAR COUNCIL." The Dutch Anti-War Council sending this cable message was established at The Hague October 18, 1914. It aims chiefly at the operation of states instead of military hostile alliances, limitations of armaments by international conventions, compulsory arbitration and the holding of national assemblies, when peace treaties are drafted.

WASHINGTON, May 31.—Amendments to the naval appropriation bill to provide for an \$11,000,000 government arm-plate plant for \$2,500,000 instead of \$2,000,000 of arm-plates, for 1730 additional sailors and for a bonus system to encourage the speedy private construction of warships, were adopted today by the House sitting as the committee of the whole.

Party lines were broken down on every vote. Twenty-three Republicans and two Progressives joined the Democrats in the support of the arm-plate proposal, the final vote being 155 to 131. Thirteen Democrats joined with the Republicans in support of the naval appropriation amendment, which carried 125 to 103. The bonus and the private construction amendments were adopted overwhelmingly without roll call.

Debate on the arm-plate amendment, which already had been passed as a separate bill in the Senate, centered largely around the question of whether the Bethlehem Steel Company, the largest private manufacturer of plate, had treated the government fairly in dealings with it.

Representatives Butler and Graham of Pennsylvania waged the fight against the amendment, offering as a substitute an amendment by Mr. Butler looking to the establishment of a Federal trade commission. The Butler amendment would have provided for an appropriation for building a government plant, but made its use contingent upon the refusal of private manufacturers to accept contracts at prices judged by the commission to be fair.

Representative Sherry of Kentucky, in supporting the committee amendment, declared his belief that the government should manufacture some part of every article which it uses exclusively, simply to establish a cost price. He stated that the Bethlehem Steel Company for its refusal, during a recent Congressional investigation, to reveal the cost of making armor plate.

The Butler amendment was lost, 130 to 121. A proposed by Representative Vane of Pennsylvania to locate the plant at Philadelphia was defeated, 135 to 126.

WASHINGTON, May 31.—The increase of 2730 sailors in the navy personnel would be effected by transferring the hospital corps from the total number of enlisted men provided by law. Representative Roberts of California made a futile attempt to add 2730 sailors and 100 marines to the bill. Mr. Padgett said the country would have no use for additional number of marines at this time.

Under the construction bonus amendment the Secretary of the Navy would be authorized to award bonuses of as much as 25 per cent. Hughes took a back seat while the coming of the Roosevelt boom was being exploited.

The rank and file quit for the night convinced more than ever that no word will come from the lips of Justice Hughes prior to the first ballot, and that the Hughes movement must rise or fall upon his declaration that he is not a candidate.

WASHINGTON, May 31.—Col. Theodore Roosevelt delivered three speeches in St. Louis today in which he advocated universal military service, declared the German-American alliance was guilty of moral treason and anti-Americanism and denounced President Wilson's Memorial Day speech as weak, tremendous and cheering crowds greeted him.

Col. Roosevelt maintained that President Wilson used "weasel" words which sucked the life out of his phrases and made them meaningless. "When Mr. Wilson speaks of 'universal voluntary training,'" he asserted, "he draws a parallel to a truancy law which would make universal attendance by children at school obligatory to all except those who wanted to remain away."

**Chamber of Commerce Notes.**  
The directors of the Chamber of Commerce yesterday decided to send a representative to the conference of field men of the United States Department of Commerce in Washington, June 13. It referred to the military committee for approval the Pittsburg camp system for preparedness suggested by the Boston Chamber of Commerce and considered the removal of direct service to Hawaii by the Great Northern Steamship Company, which asks the support of local shippers if the service is resumed.

## RED RASH STOPS TRIP.

Man Who is Under Arrest Here and was About to Start with Officer for Montana, is Detained by Sudden Appearance of a Peculiar Malady.

While rushing around in the County Jail yesterday, getting ready for his trip to Bozeman, Mont., David Christie suddenly broke out with a brilliant red rash, and was hurried off to the County Hospital instead of being taken to the train.

At the hospital the physicians diagnosed the rash as one resulting from eating of fresh fruit, possibly measles. Awaiting further developments, the patient will be kept here until the rash departs.

He was arrested about two weeks ago in Pasadena, on a warrant from Montana. Sheriff E. E. Gray of Bozeman arrived Monday to take him back to answer on the charge of misprision of felony, a 14-year-old crime.

Christie threatened to fight this extradition, but yesterday morning, when brought before Justice Hanby, agreed to return, without further preliminaries.

In Imperial.  
**THEY'RE NOT LOST.**

New York Society Women Campaigning for Suffrage are Safe in El Centro, Despite Alarming Reports That They Were Astray on the Desert.

Andrew Baldwin, a representative of the Baxton Motor Sales Company, denied yesterday that Mrs. Alice Sauter Burke and Miss Nell Richardson, well-known society women in the East, who left New York April 6 on a motor trip to Los Angeles under the auspices of the National Suffrage Association, had been lost on the desert between El Paso and this city.

Although rumors were circulated in this city yesterday that friends of the two women had heard from them, Baldwin stated that the San Diego Motor Company's representative received a telephone message yesterday morning from Mrs. Burke, who said she and Miss Richardson were in El Centro. They are expected to arrive in this city Sunday or Monday.

**BUSINESS MAN DIES.**  
Elio J. Levy had been thirty-five years a resident of Los Angeles.

Elio J. Levy, secretary and treasurer of the Standard Woodware Company of this city, died last night at the Angeles Hospital. He had been ill about six months. Burial yesterday was believed to be recovering as a result of an operation performed at the hospital.

Mr. Levy was born in France fifty-nine years ago. He came to Los Angeles thirty-five years ago and was well known in business in this city for more than a quarter of a century. He leaves a widow and several children.

Funeral services will be held tomorrow at the family residence, No. 180 Westmoreland avenue. The hour of the funeral will be announced today by members of the family.

**MAYOR OF WATTS JAILED ON CHARGE OF ARSON.**

"Dirty Political Plot," is Answer to Town Marshal's Allegations.

**MAYOR JOHN S. LANGE** and former Mayor W. H. Turner of Watts were arrested yesterday afternoon by Deputy Sheriff J. C. Nolan, charged with arson in connection with the fire that destroyed a part of the Watts Lumber Company's yard on February 14, 1915.

Mayor Lange is also out of the county jail on a charge of arson. He was arrested by Deputy Sheriff J. C. Nolan, charged with arson in connection with the fire that destroyed a part of the Watts Lumber Company's yard on February 14, 1915.

The investigation on their part was caused by the receipt of an anonymous letter by Sheriff Cline two weeks ago. This set out that investigation would reveal an arson plot in connection with the blaze.

Former Mayor Turner declared that the charges are utterly unfounded. "On the night that I am supposed to have talked to Marshal Ellis about the first attempt at fire, I was at home with Mrs. Turner, who was critically ill, attended by two nurses. She died a few days later," said Mr. Turner.

"I never said anything about wanting to do an injury to myself or knowing anything about the fire. The mill and a part of the yard burned, causing a loss of about \$6000. The insurance on this only came to \$1800. That certainly was not profitable."

When asked whether the lumber concern was in financial straits at the time, he declared that it was not and that at the time he sold his interest it had more than \$24,000 in credits and assets. Mr. Turner is a pioneer in Watts and has always been profitable.

When the fire did happen at the lumber plant in the following Feb-

**WILL'S PROVISION IN LARGE ESTATE.**

GRIMES PROPERTY IS WORTH HALF A MILLION.

Late President of the Tom Reed Mining Company Leaves Generous Bequests to Various Relatives and Creates Trust Fund for Benefit of Widow and Daughters.

Petition for probate of the will of Charles Grimes, president of the Tom Reed Mining Company, who died at Kingman, Ariz., May 31, last, was filed yesterday by the Union Trust and Savings Bank of Pasadena, through Attorneys Hahn & Hahn. The estate consists principally of personal property, the exact amount of which is not known, the petition states, but is believed to approximate \$500,000.

Mr. Grimes died his will March 17, 1914, when he was 64 years old. He gave to his wife, Florence E. Grimes, \$25,000, stating that he had previously decided her home place in El Molino avenue, Pasadena, the value being \$25,000. He placed in trust with the Union Trust and Savings Bank \$25,000 for the benefit of his daughter, Gladys Grimes. The funds are to be paid her when she reaches the age of 30 years.

The Dorsey property in Howard county, Maryland, which he occupied, is given during his lifetime to Mr. Grimes's brother and his wife, Mr. and Mrs. Basil Grimes. The funds are to be paid her when she reaches the age of 30 years.

The residue of the estate is placed in trust, one-half of the income to be given to the widow during her life, or until she remarries, and the other half in equal portions to the daughters, Elizabeth Grimes, William Grimes, and Gladys Grimes, during life. At the death of the widow or when she remarries, the residue of the estate is to be divided equally among the three children.

**SHUTS UP HER BURGLAR FRIEND IN FOLDING BED.**

MUCH excitement was caused at the Palmcrest apartments yesterday evening when Mrs. D. Voevman, who occupies an apartment on the second floor, surprised a burglar in the act of cleaning out her room. Hurriedly shoving him into a folding bed, she screamingly telephoned the police department for aid. While the burglar was being taken to the police station, the intruder unfolded himself from the bed sheets and pillow cases, and stepped out a window into Orange street, disappearing with his pocket filled with \$750 worth of jewelry belonging to Mrs. Voevman.

Mrs. Voevman told Detectives Burgess and Murphy, who answered the call, that she recognized the burglar as an acquaintance whom she had met only once at a local church, but had, last Sunday morning, been escorted to this same church by the man who took her jewelry. As a second jewel case, containing her diamonds and rings, had been untouched, it was apparent her appearance in her apartment had been opportune.

The burglar was in the act of searching behind the folding bed when Mrs. Voevman entered, she shoved the man all the way into the apartment and slammed the bed shut. An excellent description of the man has been furnished the detectives and an arrest is expected today.

**CHAMBER OF COMMERCE AGAINST SALE OF WATER.**

THE directors of the Chamber of Commerce yesterday took action on several proposals that will be submitted to voters of the city at the charter election next Tuesday.

Proposals on the ballot No. 8 and 9 were opposed. These proposals for the sale of water from the Los Angeles aqueduct by the city of Los Angeles to the city of Santa Monica and Serrano and other points outside the city, without annexation.

The directors voted in favor of proposal No. 11, "Shall the ordinance proposed by initiative petition, repealing the two platoon fire department salary ordinance No. 12418 (new series) be adopted? No. 13, proposing an \$1,800,000 bond issue for outfall sewers and main sewers from the city and disposal plants at Hyperion and Los Angeles harbor for the collection, disposal and purification of city sewage, was indorsed.

On No. 14 action was taken on only one item—that being the fire boat for Los Angeles harbor, which was favored.

Previously the directors had recommended against the \$6,000,000 bond issue for municipal telephone and in favor of \$300,000 bond issue for the construction of the Second-street tunnel.

**CHATSWORTH RESERVOIR TO BE BUILT AT ONCE.**

BUILDING of the Chatsworth reservoir is the next step imperatively demanded in the development of electrical energy from the Los Angeles Aqueduct. The Public Service Commission decided yesterday to take immediate steps towards this phase of development of the project.

"In order to keep the power plant running," said Chief Engineer Mulholland to the commission yesterday, "it is becoming more and more evident that there must be more storage provided for at the lower end of the aqueduct. The Chatsworth reservoir is indicated as a necessity."

"If we had had the reservoir constructed and filled this spring we could have sold every drop of water it contained."

Mr. Mulholland pointed out that the San Fernando reservoir has a large watershed back of it, and therefore it cannot be filled to capacity from the aqueduct, as provision must be maintained for handling the waters from this watershed, while the site of the proposed Chatsworth reservoir has only a limited supply of this kind.

The proposed site covers approximately 1100 acres, but no condemnation proceedings have yet been started to acquire this land, as a recent State law requires that the money must be in hand before such a step is taken. The commission decided to urge the payment of approximately \$250,000 due from the San Fernando irrigation district for funds advanced in carrying on work before the district bonds were sold and about \$100,000 due from the Los Angeles district for similar services. This would give a fund sufficient to proceed with the Chatsworth reservoir project.

The commission appointed a committee to prepare resolutions of condolence on the death of Capt. Allen Kelly.

Because of the constant applications for water services for automatic sprinkler services in downtown buildings, the

Other Alleges Official was Himself Assailant.

Jesse D. Burks, director of the Municipal Efficiency Commission, is confined to his home, No. 1732 Whitley avenue, suffering from concussion of the brain and a severe cut sustained in a fight with J. M. Green, a conductor for the Pacific Electric, on the rear platform of a Hollywood car Tuesday afternoon.

Councilman Conwell, president of the Efficiency Commission, and members of the department staff called on Mr. Burks yesterday, but they found his condition such that it was impossible to discuss city matters with him. His physician stated that it is impossible to determine yet just how serious his injuries may be.

On Councilman Conwell's return, after a conference with Paul Burks, brother of the injured man, the following statement was issued:

"Mr. Burks was seriously injured by a street car conductor, who, when Mr. Burks was returning home, had failed to stop his car in response to a signal. Mr. Burks was returning home from the office, where he had spent the afternoon of Memorial Day. As he approached his street, he signalled the conductor to stop. The car continued past the corner at a high speed, however, and Mr. Burks asked the conductor to stop. Mr. Burks stated that he would take the conductor's number and refer the matter to the superintendent. Corporation Payments Much Exceed Last Year's.

Banks to Disburse Enormous Sum in Interest.

Within thirty days the financial institutions and industrial concerns whose securities are listed on the Los Angeles Stock Exchange will pay to their stock and bond holders the semiannual dividends and interest which are commonly referred to as the July disbursement. Counting interest paid to bank depositors, the total sum that will be distributed the first of next month. For the sake of convenience, a large number of the banks will begin paying their patrons in ten days the semiannual interest due July 1, on ordinary and special savings accounts, and the total sum that the banks will pay out will not fall far short of \$5,000,000. Dividends of corporations have increased considerably during the past year, and the disbursements the first of July will be fully 50 per cent. greater than they were in 1915.

Although some of the Los Angeles banks have not as yet authorized the payment of their July dividends, the following amounts are approximately what they will pay next month to their stockholders: First National Bank, \$1,000,000; Security Trust and Savings Bank, \$300,000; Farmers and Merchants National Bank, \$400,000; German American Bank, \$200,000; National Bank of California, \$150,000; California Savings and Commercial Bank, \$100,000; United States National Bank, \$80,000; Commercial National Bank, \$70,000; Humboldt Savings Bank, \$50,000. It will be seen that total bank dividends in July will exceed \$4,000,000. Interest in excess of \$250,000 will be paid on bonds of the following corporations: California Pacific Railway Company, Cusumana Water Company, Huasteca Pipe Line Company, Los Angeles Electric Company, Los Angeles Gas and Electric Corporation, Los Angeles and Pasadena Electric Railway Company, Los Angeles and Redondo Railway Company, Mexican National Gas Company, Mexican National Gas Company.

**TODAY'S DAY TO CLEAN UP.**

Mayor's Proclamation Urges Move to Make City Real Spotted Town.

Today is clean-up day by proclamation of the Mayor; a day to apply the scrub to that lot lush with weeds and load up those tins cans ready for the ash man. As last year, many did not wait for the auspicious day to dawn to do their cleaning, but acted time by the forelock and so have everything clean and open.

Revealing a poetic nature, the Mayor's proclamation says, in part: "It is always morning and fair weather here, nature knows no winter's beating winds, frost cannot fret our flowers, no blinding or black enough to hide the smile of our sun."

Preparations to handle all the offerings made on the shrine of cleanliness have been made by the street department. This department will also do a little cleaning in its own account, as will the other departments of the city, as an example to those who are slow in recognizing the specific virtues of that cleanliness which is next to godliness.

**STATE CAPITAL HERE.**

During Governor's Absence as Delegate to Progressive Convention, Senator Thompson, President Pro Tem of Senate, is Chief Executive.

The capital of California has been temporarily transferred from Sacramento to Los Angeles, as a result of the departure of Gov. Johnson for Chicago, where he will attend the Progressive convention. In his absence State Senator Newton W. Thompson, President pro tem of the Senate, is acting Governor.

Mr. Thompson assumed the duties of Governor yesterday and established the executive office in the Union League Building, Martin Madden, executive secretary to Gov. Johnson, is here and reported for duty to the acting Governor.

Usually the Governor's office, during his absence from the State, is taken in charge by the Lieutenant-Governor, but since the death of Lieut.-Gov. Ebelman that office has not been filled, and the next in line is the president of the Senate.

## Here to Plead for Littlest Sufferers.

Woman Alleges that Under Impression She was Making Will She Deeded Away Title to Valuable Real Estate—Court Restores Property.

Mrs. Rose Johnson, a member of a California tribe of Indians, appeared in Judge Wallbridge's court yesterday to quiet title to nine lots which she deeded away without consideration, she alleges, under the impression that she was making her will.

Being unable to read or write, but owing to worth considerable money, Mrs. Johnson said that when she was approached by Mrs. Mary V. Lugo, now Mrs. Mary V. Brady, and it was suggested that she make a will, she consented.

A paper was presented to her which she signed, William Johnson, her husband, also signed it. The court understood it was a will and that the provision was that the surviving wife or surviving husband would inherit the real estate.

The supposed will turned out to be a deed which was recorded the same day. When this was discovered, Mrs. Johnson brought suit to quiet title, and was represented by Attorney S. W. Odell.

Mrs. Brady in answer, alleged that Mrs. Johnson deeded her interest in the lots to her, the consideration being the value of the improvements, \$145, and necessities alleged to have been furnished Mrs. Johnson by Mrs. Brady.

Mrs. Brady did not put in an appearance at the trial. Judge Wallbridge gave Mrs. Johnson judgment in default.

Lab. Commissioner Finally Joins "Movie Employees' Association," Pays Initiation and Dues, and Arrests Man in Charge of Office.

To work in the films one had to belong to an association, and the proprietors of the Movie Employees' Association, No. 718 West Seventh street, to all who answered their advertisement for 200 men for moving pictures. Then they proceeded to charge 40 cents for initiation into the association and 25 cents for the first month's dues.

So many persons were caught by the advertisement, and paid their dues without result, that they complained to H. A. Cable, deputy State Labor Commissioner, who later applied to the police court yesterday, pleaded not guilty and will have his trial next week.

Stearns alleged the real head of the association is missing, in company with \$400.

Commissioner Cable says he has received more than 400 complaints, and believes the number of victims will exceed 1000.

Speaking of the Irish rebellion Mrs. Pankhurst said: "The Irish happening, though sad and unfortunate, was not as important as the American one. The great test of the Irish people's loyalty was what happened, have repudiated it and would undo it if they could. The condition in Ireland is better than it has been for hundreds of years. Ireland now has a land law which is much superior to the law of England and she would have had home rule before this time if it were not for the present conflict. I believe the Irish tragedy will bring together the people who really love Ireland and will enable them to make that country better."

"As for peace," said Mrs. Pankhurst, "I speak for the whole of the British people when I say that there can be no peace until the democratic system is restored. We cannot have an inconclusive peace. We must have a peace that is permanent, for as surely as the war is settled, the evil will have to be gone through again."

Over \$200 was collected from the audience at a voluntary offering for the Serbians. Two solos were rendered by Mrs. Esther Pellmar. Approximately 1000 people attended the address.

A ASSOCIATION GIRLS WILL HOLD PICNIC.

OUTING IN PARK IN PLACE OF ANNUAL MEETING.

Plans include Track Meet, a Play by the Educational Department, Boating on the Lake, and Entertainment to Suite Tastes of the Thousands Expected.

The 4700 members of the Young Women's Christian Association are invited to a picnic at Echo Park on Saturday, the 10th inst. They will take the place of the usual annual meeting, and extensive plans are being made to make it an occasion of greatest enjoyment.

A large committee representing all departments of the association, with Mrs. W. J. Chichester as chairman, has the plans in charge. Chairmen of subcommittees are as follows: Programme, Mrs. Chichester and Mrs. J. G. Warren; supper, Mrs. C. D. Cheesman; hospitality, Miss Marian Crandall and Miss Alberta Newton.

There will be a track meet at 5 o'clock for those who can go early. The box supper, which each is to take for herself, will be served at 6:15, the association furnishing coffee.

Mrs. Williams J. Hols, president, will give "Rehearsal of the Past Year," reviewing briefly the work of the educational year. A play by John Kendrick Baines will be given. The music and other features until 8:15. Boating will follow for those who wish, while other forms of enjoyment will be arranged for those who do not care to go on the water.

Much enthusiasm attends the planning of this big affair, which is for members only. Those intending to go are asked to apply at the registration desk for a coffee ticket.

MRS. PANKHURST STRONG FOR UNIVERSAL SERVICE.

FRANCE, Belgium and Serbia had had the same system of military training as we people of England, the war would have been over long ago and the allies would have lost," said Mrs. Emmeline Pankhurst in her address at Trinity Auditorium last night.

"We of England," said Mrs. Pankhurst, "have never believed in compulsory military training. We have learned many things in the fallacy of our military system. The great test of patriotism is what a man will do for his country. The men of England have not killed the deep-rooted love of freedom that exists in the heart of every Frenchman, nor has it made France an endemocratic as a nation. If you could have heard a wounded Australian soldier say that he was fighting for compulsory training from a democratic viewpoint as I heard one, you would have seen the value of the measure. I believe in a compulsory system which will enable every man to do his duty in defending his country when it is necessary."

Officers of Union Oil Company Deny Allegations that They Took Action to Influence Vote on How to Vote on Action to Take.

In the Union Oil suit to dissolve the two holding companies, on trial before Judge Myers, an emphatic denial was made by Alex. Slater, vice-president, a director and manager of the sales department, and E. W. Clark, vice-president, a director and general manager of the Union Oil, of the charge of conspiracy.

They declared that no suggestion was ever made to them by Lyman Stewart or W. L. Stewart to vote according to their ideas on matters in which the Stewarts were personally interested, aside from their interests as stockholders of the Union Oil.

They were asked: "Was there ever an occasion on which an attempt was made to influence you as to how you should vote, or what action you should take, by suggestion or otherwise?"

The answer was, on the part of Mr. Slater: "Certainly not. If there had been any such, there would have been something done." Mr. Clark also made an emphatic denial.

## SOCIETY.

An auspicious happening on society's calendar was the large garden party given by Mrs. Willis G. Hunt of Berkeley Square to fully 150 friends yesterday afternoon. The house was filled with a bewitching old-fashioned frock of white organza trimmed in apple green tulle, with which she wore a large, old rose hat loaded with roses.

All over the lovely lawn were scattered Navajo rugs, comfortable seats and swings, and all sorts of charming novelties to create a million of beauty—surrounded by the flowers was a riot of gorgeous bloom in the well-landscaped garden, which is one of the prettiest in the city.

Tall yellow canna, graduated by cypripedium, white and yellow marigolds, and yellow and white petunias, formed a background of noticeable attractiveness. The tea table, with its lace cover of costly Navajo rug, was placed at the very end of the garden, where near by dropped a sweet rose from a high trellis, with its leaves and blossoms in full.

The orchestra was stationed on an elevated porch overlooking the garden. It played favorite airs all afternoon, accompanying an aesthetic Turkish dancer, who gave the guests a most interesting and beautiful dance down a carpeted path which ran from the veranda to the garden. The dance was a most beautiful one, and the dancer was a most beautiful one.

The dancing Mrs. Emmeline Farnsworth dropped in during the hours of receiving. The event was undoubtedly one of the most successful of the season. The guests were most numerous and the entertainment was most successful.

The Hunts are planning to leave about the 15th inst. for a trip of three months to Spain, Portugal, France, where they have taken a house on one of the lakes. They will motor to London, and later to Quebec. Northern Maine was formerly Mr. Hunt's home, and the family are counting much on their vacation.

with a tiny frill. Her shower bouquet was of bride's roses and the valley. As the service was concluded, Miss Gladys Kneel, a cousin, sang "A Day of Days," her own composition, and done especially for the happy occasion.

As the bride party left the church, to the Mendocino "Wedding March" for a reception, they were driven to the Loomis home, where they were joined by members of the family for a reception and supper. Here green and white predominated decoratively. The arid table was centered with a mound of roses resting on a base of ferns, and surrounded by smaller tables holding white sweet peas and ferns for adornment. Places were marked by butterfly hand-painted cards.

PITTSBURGH, May 31.—Cincinnati defeated Pittsburgh by a score of 5 to 2 here today, winning the game in the sixteenth inning, when a hit, a base on balls and three errors resulted in three runs being scored. The Reds scored one run in the first inning and another in the sixth. The Pirates got the count in the sixth on three hits and a sacrifice fly. In the sixteenth inning Griffith doubled and took third on Wagner's error. Clarke, batting for Melvitt, was given a base on balls. Herzog hit to Schultz and Griffith was trapped on the base line, but scored with Mitchell, who ran for Clarke on error by Schultz and Wil-

**RULES SUSPENDED BY CIVIL SERVICE.**  
**AGE LIMIT WAIVED IN CALLING FOR INSPECTORS.**

Board also Provides for Advantages to Men Without Technical Training and Bulletin Provides for Only Fifteen Positions While Council Wants Twenty.

Another reversal of form was shown by the Civil Service Commission yesterday when it announced officially that in calling for the examination for city inspectors in the engineering department the age limit for all inspectors will be waived and that the examination will be framed with a view to favoring applicants who have no technical experience. The Civil Service Commission also takes issue with the City Council as to the number of inspectors who are to be appointed on the regular basis, inasmuch as the Council Budget Committee has decided that the regular staff should consist of twenty inspectors, while the Civil Service Commission announces that only fifteen vacancies are to be filled. Chairman Wheeler of the Council Finance Committee said yesterday that if it is possible under the city charter he proposes to require the Civil Service Commission to tell by what authority it proposes to limit the number of appointments to fifteen.

The examination is to fill the positions created by the ordinance passed a few weeks ago placing city inspectors of improvement. It is a monthly basis instead of a per diem basis. When this ordinance was passed the Council demanded that the Civil Service Commission should make under the emergency provisions as approved by the Civil Service Commission and the time was understood that the Civil Service Commission would "forget" to call the examination.

**ON PHONE MENAGER.**  
**UTILITIES BOARD IS BUSY.**  
 Complete data covering the telephone situation, which will come before the State Railroad Commission, are being prepared by the Public Utilities Board, according to President Lane, who said yesterday that his department will be prepared to protect the city's interests in the matter of the Pacific and the Home systems proposed by the Southern California Telephone Company.

"It is the intention of the board to give the Railroad Commission all the data which it is possible to obtain in order that the people's interests can be protected through the widest possible investigation of the situation," said President Lane yesterday.

The fact that the City Attorney has ruled that the board has no telephone bond issue on which a vote will be taken June 8 is illegally drawn and that the board should therefore be either withdrawn or subject to legal litigation, has made it somewhat difficult to go ahead just as though there was no intention of holding an election at this time.

**EVIDENCE PRESENTED.**  
**BALCON CASE IS OPENED.**  
 Griffith Jones, who was deposed from his position as manager of the saloon three weeks ago, after he had filed charges against the saloon and the Police Commission yesterday with testimony in support of his written charges against the proprietors of the saloon. Mr. Jones testified that on the date mentioned in his affidavit he called at the saloon twice. One time he counted ten customers, six of whom were intoxicated, and the other time he counted out of twenty customers were "hopelessly intoxicated." Mr. Jones told the Police Commission that his attention was drawn to the saloon by statements of numerous men who appeared before him in the saloon court who said they had procured drinks there after they were intoxicated. This saloon, he said, appeared to him to be the only one in Los Angeles where no attention is paid to the ordinance against selling liquor to intoxicated persons. His testimony regarding visits to the saloon and the number of drunken persons was corroborated by other witnesses.

**SUPPORT FOR TUNNEL.**  
**BOUNDARIES ARE CHANGED.**  
 Revision of the tentative boundaries for the assessment district for the second-street tunnel will be proposed by the Public Works Committee of the Council today and it will be submitted to the Council as soon as it can be presented at a public hearing. The new assessment district is practically the same as the one proposed a few days ago excepting that the western boundary is placed at a line east of the Los Angeles river.

The tunnel movement was introduced yesterday by nearly a score of prominent business men and property owners in the district, and the proponents of the improvement expressed the opinion that the proposed for a bond issue of \$200,000 to cover the city and that the expense will meet with favor at the election next Tuesday.

**On Grade Crossings.**  
 Councilman Topham, chairman of the Council's General Victims Committee, spent yesterday afternoon with Commissioner Edgerton of the State Railroad Commission inspecting the various crossings in the city, and especially the crossings between Main and Ninth street over the railroad and the Los Angeles river.

Copies of the reports of the Victims Committee will be made available to the public by a special committee, including Chief Engineer Howell, City Engineer Hamilton and various engineers, have been filed with the Railroad Commission, and negotiations are now under way for a conference with the Railroad Commission on the subject in the near future.

**Headquarters.**  
 A bouquet of \$10,000 made by Mrs. Lillian Hastings Holme, who died in New York last year, was made in the city hospital of Los Angeles. This money, according to an agreement reached between the Council and the County Supervisors, will be used for the relief of the poor.

is a bed for indigent persons at the County Hospital. Promises were obtained by the Council yesterday against the improvement of Sunset drive from Myra avenue to Sunset boulevard. The Council also for the improvement of Seventeenth street, between Myra and Hoover, and for paving Berend street from Wilshire to Ninth.

Action on the proposed ordinance creating a new Municipal Charities Commission and defining its powers and duties was postponed by the Council yesterday for one week. The Rex Social Club, charged with improper conduct of business in violation of the social club liquor ordinance, will appear before the Police Commission and define its powers and duties as postponed by the Council yesterday after the club had been on the official carpet for two or three months.

Witness Tells of Printer's Week-end Trip to Catalina and a Woman Companion, but Decree is Denied—Property Settlement Made Out of Court.

Lee A. Phillips of the Phillips Printing Company put in no defense to the allegations of his wife, Laura E. Phillips, in divorce proceedings yesterday. Testimony was introduced to show extreme cruelty, but Judge Wood held that according to the rulings of the Supreme Court, this was not shown, and he refused to grant a divorce. Mrs. Phillips charged her husband with neglect and going with other women. She corroborated by her son, Ray Phillips, who has assumed his majority. F. R. Abbott said he had observed Mr. Phillips on a Catalina steamer and while he did not see him in Catalina, he stated that Mr. Phillips returned on the steamer and a woman was in his company. It was a week-end trip from Thursday to Sunday.

Doris Kemp and Post. Mrs. Phillips' attorneys, stated that a property settlement had been made with their client. The amount is believed to have been in excess of \$5000.

**NAMES GUARDIAN.**  
**YOUTH IN PRISON.**  
 Frank Leslie McCoubrey, 19 years old, arrested under the name of Leland Arnold, charged with driving an automobile, was brought into the County Jail yesterday for the appointment of a guardian to look after a small inheritance he received from his father's estate. He was in charge of Deputy Sheriff Myrtle, who took him back to the County Jail after the court appointed Attorney Arthur T. Chabert. The youth will receive one-third of his father's \$2222.66 estate in Sonoma.

**IN AND OUT.**  
**DAMAGER SUES.**  
 Claiming that as he was entering the elevator in the John Brockman Building April car, through the car, a metal mail box, Fred E. Lettice, a tenant for \$10,700 damages, filed suit yesterday against the Brockman Building Company and Ezra Bradshaw, the operator.

**ACCORD ON VERDICT.**  
 In Judge Wilbur's court yesterday, a verdict of \$1000 was entered in favor of Mrs. Anna Greenmeyer and her infant daughter Myrtle, the death of her husband, George M. Greenmeyer, a Santa Fe fireman, who was killed by a train on the Santa Fe City November 1915. National fire insurance company was fined \$1000 damages and was ordered to pay \$1000 damages to the estate of Mrs. Greenmeyer.

**HIS WIFE'S ESTATE.**  
 A petition for letters of administration was filed by Justice J. W. Summerfield in the estate of his wife, Phoebe Summerfield, who died May 28. The estate consists of a house at No. 1502 Van Ness avenue.

**POINT RAISED.**  
 The alleged way Company in failing to provide her with a seat, resulting, when the defendant started, in a passenger falling against her, was a question in the \$10,188 damage suit of Anna Wanders against the corporation, tried and submitted by Judge Raulo yesterday. The suit was heard August 7, last, at Temple and Centennial streets.

**INCORPORATIONS.**  
 The Auditor of California, Incorporated, of California, incorporated by Alfred Wright, Louis and Ivan Kelo; the Commercial Bank of Los Angeles, Incorporated, by F. R. McCrook, A. E. George, H. C. Weaver, C. F. Montgomery and C. F. Felt; the People's Transportation Company, of Los Angeles County, California, incorporated by George A. Dayton, capital stock \$10,000, machine \$100; the North Cucamonga Wine Company, Incorporated, by James L. Val, Louis P. Roy and James L. Val, capital stock \$75,000, subscribed \$200.

**IGNORER GIRLS' ADVICE.**  
 Reformer Regrets He Refused to be Guided by Sweetheart.

George C. Youngman, who was brought to the County Jail from Contra Costa, where he was arrested on a charge of having stolen a machine in Los Angeles, expressed regret that he had not followed the advice of the girl he expected to marry. "When I told her how I was going to get a machine, she told me to do it, but I went ahead," he said. "She begged me not to, so I guess I know what is coming now."

**MAY CLEARINGS NINE FIGURES.**  
**Twenty-one Millions Over Same Month Last Year.**

**Bank's Activity Shows Steady Business Growth.**  
**Internal Revenue and Customs Receipts Increase.**

Los Angeles bank clearings for the month of May totaled \$108,753,665.78, a gain of over \$21,400,000 as compared to the figures for the same month in 1915. Notwithstanding there were two holidays last month, the clearings were \$9,000,000 more than for the month of May, 1914. Since the first of the year Los Angeles bank clearings have shown a wonderful increase as compared to those for the same months last year. In March, April and May the clearings were all above the \$100,000,000 mark.

**PAY INCOME TAX.**  
 The totals for the month of May in the office of the Collector of Internal Revenue indicated that many of those liable for the income tax were of the opinion that the amounts were due and payable on June 1, instead of July 1, and the consequence is that the collections for the month of May were for the month just past broke all records for the year so far. They amounted to \$231,326.43, as compared with \$127,614.34 for the preceding month; \$233,667.23 for May, 1915, and \$141,274.07 for May, 1914. It is expected that the bulk of the income tax to be paid, the collections will show a high mark.

**RECORD FOR IMPORTS.**  
 According to the figures furnished by the Collector of Customs, the imports for the month just closed reached the high figure of \$29,141, as compared with \$21,222 for the same month in 1915, and \$23,926 for the month of May, 1914. The collections aggregated \$27,340.64, of which Los Angeles contributed \$28,184.34, San Diego, \$17,919.00, San Francisco, \$16,631.00, and other ports, \$11,100.00.

**LITIGATION OVER FILMS.**  
 Proceedings Bring Out Fact that Picture Promoter Dropped Original Twelve Years Ago and Has Assumed New Name.

It developed in the suit of Carl Ray against H. W. Balabough for the dissolution of a partnership, the sale of the property and an injunction, that before Judge Hewitt, that Mr. Ray, through his attorney, named twelve years ago, assuming the name of "The Wilds," was made through his own endeavors, he refused to take any interest in selling or leasing territory. Two of the contracts he made, are in the control of Mr. Balabough, who refuses to talk of the affairs of the partnership with him.

**TO WHITEN.**  
**DIDN'T KEEP PROMISE.**  
 Colored Last Said He Could be Good if He Might Reach Brother Here, but Robs Friendly Porter and Holds up Cobbler Who Aided Him.

Fred Nixon, colored, 14 years old, told Judge Ben Lindsey, the Denver Juvenile Court judge, he had a brother in Los Angeles and thought he could stay good if he was with him. Fred was allowed to go. On the way he made friends with a colored porter on the train. The porter told for the youth's story and tried to find his brother.

The brother could not be located, if he ever existed, and now the porter is sorry he ever met Fred. His friendship cost him a diamond ring and a revolver which Fred swiped. The revolver helped the boy to take from a cobbler with whom he made friends \$7 in cash. Yesterday Fred came before Judge Reeve and was committed to Whittier.

**SEARCH GYPSY CAMPS.**  
 Omaha Girl Missing and Father Asks Sheriff's Aid.  
 Rosa Mirall, beautiful 17-year-old daughter of Eli Migull of Omaha, may be in the hands of a gypsy band now in the vicinity of Los Angeles. Her father believes that she is, and sent Sheriff Cline a letter expressing this opinion. When the letter was received, Sheriff Cline was instructed to search any gypsy camps found in this vicinity for the girl, who was described as a brunette. A reward of \$50 is offered for information leading to her discovery.

**CHARGED WITH THEFT.**  
 W. T. Armstrong, charged with the theft of a large touring car belonging to C. E. Schure, appeared in Justice Hall's court yesterday afternoon for arraignment. He was brought back to Los Angeles several days ago from Chicago, where he was arrested after months of search. The alleged theft occurred last November. The arrest was made on May 3. The preliminary hearing will be on February 3.

taken a very active part in its politics. He was the Mayor of Los Angeles. Mayor Lange treated the whole thing as a joke. "This certainly shows gratitude on the part of Elia. Despite the fact that he started an opposition wing in our party and was the principal cause of the election of Watta, who is a master plumber when not weighed down by the duties of his office."

Marshall Ellis also alleges that Mayor Lange helped him to dump the turpentine cans into the river the day after they were found. Mayor Lange declares that they were pure and simple. "In the first place, the cans were not found in the lumber yard, but in the railroad tracks. I told the marshal to take them to the City Hall and keep them for evidence, should they ever be needed. If he did his duty, they are there now."

**RELEASED ON BOND.**  
 The official and former called in Attorney Burrell D. Neighbo, City Attorney of Watta, when they were held for three days and a bond of \$400. Through him they arranged for their bond. Bond was cashed and they were released. Mayor Lange's associates are T. H. Heininger, a contractor, and Langs and A. M. McCay, a builder, furnished bond for Mr. Turner. All three were released. The accused men will be arraigned before Justice Caskey of Compton at a date for their preliminary hearing will be set.

**WILL FACE CHARGES.**  
 Arthur Dykeman's Friends Abandon Attempt to Secure His Release.  
 Friends of Arthur Dykeman, the young man wanted in New York for alleged stealing of blank postal money orders, and who is held in the County Jail under bond of \$10,000, have abandoned all efforts to secure his release here and consent will be given for his removal to New York for trial.

The alleged robbery was committed about three years ago, and the father of the young man, who is a prominent business man in Brooklyn, thought the matter had been dropped. Dykeman had in the meantime married a young woman from Phoenix and was trying to make good after leaving a crop of wild oats.

**CONTESTANT GETS LAND.**  
 Register Roche and Receiver Mitchell of the Los Angeles Office yesterday decided the contest brought by Lodore Bernstein of this city against Howard S. Storer of Ontario. Involving a quarter-section of land in the vicinity of Victorville, in favor of Storer. The Storer had not done the work provided for under the law and the land officials hold that he proved his title.

**EFFICIENCY EXPERTS REPORT ON LABOR.**  
 A report on the efficiency of labor in the manufacturing plant and its various departments is being made by a committee of experts. The report will be made to the Board of Trade on June 15.
